Re: Civil Investigative Demand No. 30769

Dear Ryan:

I write in connection with Civil Investigative Demand No. 30769 (“the CID”) issued to Alphabet, Inc. (“Company”) for oral testimony. In response to your request that the Company identify each document redacted on the basis of privilege for each of the projects identified in the CID schedule, please see the information in the Appendix, which sets forth the beginning Bates numbers of documents that the Company has redacted for attorney-client privilege, the work product protection and/or another cognizable privilege in response to Civil Investigative Demand No. 30471 and that contain the names of the projects identified in the CID specifications.

Additionally, during our call on November 4, 2021, you requested that the Company identify the investigations that prompted the projects over which the Company is asserting work product protection. Projects SingleClick, Stonehenge, Banksy, Sunday, and Monday were prompted by and undertaken in response to active government investigations of Google’s ad tech business by competition authorities around the world, including the Antitrust Division of the United States Department of Justice; the State of Texas and a coalition of State Attorneys General; the French Competition Authority; the European

Commission; the Australian Competition and Consumer Commission; and the U.K. Competition and Markets Authority. The projects also were prompted by and undertaken in response to privacy investigations by governmental authorities, including the Irish Data Protection Commission.
